## **DIVING INFO SHEET 2015 / ENGLISH**

### **DIVING WITH DANIELA**

In our small diving hotel , everything is organized around our divers and their families.

No Mass, no stress and especially small groups always with a guide that will take you to the different sites. Together with your guide you can plan your vacation and we will schedule our days around you looking at your demands & needs.

### **DANIELA DIVING CENTER**

The Daniela Diving Center is a recreational diving centre with a flexible & professional team that will guide you through the underwater beauties of Dahab.

The dive center is integrated in the nice & cozy Daniela Hotel and divers can use the facilities of the hotel in between the dives. you can hang around the pool, eat something at the pool bar, play a game of billiard, snorkel at the house reef or just relax on the beach and read a book. At the diving center there are also many sitting areas to relax and listen to some music.

Full first aid and oxygen kits are plentiful and sent on the dives with our first-aid/oxygen provider trained staff. Our three Compressors Producing our air and Nitrox meet the high demands that we expect of it on a daily basis. Our compressors are well maintained and serviced regularly. We also have our air purity test certificate displayed for customers to see. We also have 25 full sets of equipment for rent 64tanks.

### **DANIELA HOUSE REEF**

The reef in front of the Daniela Diving Center is really amazing due to the huge number of beautiful untouched corals on the plateau as well as the drop off. Best diving conditions to enter and exit will be found on high tide and calm wind. To enter and exit easily we pass one of the three lagoons snorkelling to the edge of the reef table through one of the natural pools. Descending on the edge we discover a maximum depth of 12 meters, following the plateau in a direction of 120 degree, we arrive at the drop off starting in a depth of 25 meters. All along the house reef from north to south there are beautiful huge table corals, which are all nearly untouched. Attractions: Stonefish, Turtle, Crocodile-Fish, Stingray, Barracudas, Surgeonfish, Napoleon fish. Entrance/Exit: Easy on high tide and calm weather conditions.

### **NON DIVING MEMBERS & OTHER ACTIVITIES**

The Non diving members can join us and snorkel around when we dive. From the hotel, the non diving members can also join our daily excursions such as camel riding, horse riding, jeep safaris and much more. Our Excursions vary from a couple of hours like a quad ride or a camel ride to more than 2 days trekking or visiting Petra, Cairo or Jerusalem, there is something for every taste.

### **FOR DIVING PARENTS WITH CHILDREN FROM 8 TO 15 YEARS**

The Daniela diving offers a full range of PADI Children Diving programs which starts from 8 years so that you can dive with your children or your children are being taken care off in a professional & responsible way, while you enjoy your diving. Let us help you organize your vacation for you in advance, so when you arrive everything is organized for you and your family.

### **THE DANIELA HOTEL**

Just 50 meters from the sea , with all 40 rooms overlooking a beautiful house reef with 130 meters private beach. The Daniela Village Dahab is built in the typical arabesque style , built for divers and people that are looking for a peaceful and relaxed vacation away from the mass tourism and the crowds and close to natural environment.

### **DIVING IN DAHAB**

The red sea is the closest coral sea from western Europe and it is the whole through agreeable weather. In Dahab there are more than 24 dive sites . Dahab lies between the two natural reserves of Nabque in the south & Ras Abou Galloum in the north. All the dive sites in Dahab are also protected. In Dahab there are some famous dives sites such as the blue hole , the canyon , the bells , which all lie very close to our hotel and are among our daily dives. Diving in Dahab is shore-diving with a few exceptions. We simply drive along the shore by jeep or pick-up truck, gear up at the beach and start diving . Shore based diving means that you have much more time to relax and enjoy your extra time during your holiday
