Nile River Cruise Itinerary

The Nile Queen® departs every Saturday for 6 days/5 nights traveling from Luxor to Aswan. Guests will see breathtaking views while sailing on the Nile where you will stop for day trips to see ancient ruins, archaeological treasures, and ancient villages.

DAY 1: LUXOR

After arriving in Luxor in the morning from either Cairo, Hurghada or Port Ghalib, guests are met at the airport, transferred to the Nile Queen for a 10:00 am boarding. After guests check in, unpack, meet the crew and have lunch at 1:00 pm, a half day tour follows at 2:30 pm to:

The Karnak Temple: The large complex consists of many temples and chapel ruins. It is dedicated to Theban Triad of Amun, Mut and Khonsu. The temple of Amun-Re, head of the Theban Triad, is one of the three main temples of the complex and consists of pylons and a Hypostyle Hall. The hall is home to various colossal statues and columns.

Luxor Temple: This beautiful temple is located on the east bank of the Nile River. The inner part of the temple was built by the King Amenhotep III, and the outer part by Ramesses II. Additional chapels built by Tuthmose III are found at the rear of the temple. The six station shrines consisting of different sphinxes, separate the Luxor temple from the Karnak area. After touring the temples lunch is served at the De-Luxe Local Restaurant

After sightseeing, guests return to the Aggressor Nile Queen for dinner around 8:00 pm and spend their first night on the Nile River.

DAY 2 : LUXOR

After a 7:00 am breakfast, guests transfer to West Bank in an air-conditioned vehicle and visit:

Valley of the Kings: This valley contains tombs of the pharaohs including Tutankhamun and is the burial place of the Egyptians of the New Kingdom. This valley consists of the two valleys, the East valley, where the majority of tombs are situated and the West valley.

Hatshepsut Temple: This mortuary temple of Queen Hatshepsut is located beneath the Deir el-Bahari complex, near the Valley of Kings. The sculpture situated in the temple depicts the story of the birth of the Queen.

Valley of the Nobles: The valley is in an area of the West Bank called Sheik Abd El Korna. The site includes the rock tombs of ancient Egyptian nobles and high officials who served the ancient pharaohs. The tombs are colorfully adorned with decorations that appear freshly painted despite being thousands of years old.

Colossi of Memnon: These are the twin stone statues of the Pharaoh Amenhotep III standing in the Theban region across the Nile River. The statues depict Pharaoh Amenhotep III in the seated position, facing towards the Nile River with his hands resting on the legs.

Lunch at a local restaurant around 1:30 pm.

After guests tour the west bank, they visit the Temple of Khnum. After sightseeing, guests return to the Aggressor Nile Queen for dinner around 5:30 pm and continue sailing along the Nile River.

DAY 3: EL KAB AND EDFU

El Kab: Monday morning after an 8:00am breakfast, guests can visit El Kab. El Kab, on the East Bank of the Nile, was once the capital of Upper Egypt and is still home to the Temple of Nekhbet, as well as a row of fascinating decorated tombs carved into the slope of the mountain. Upon docking, guests embark on a beautiful walk through a small fishing village to visit the necropolis.

Edfu: Monday morning after lunch around a 2:00pm lunch, the Nile Queen will arrive at Edfu, home of the Greco-Roman temple dedicated to the god Horus. This is among the best preserved of all Egyptian temples. Horse and carriages will take guests to the temple through the bustling city streets.

DAY 4: GEBERL SILSILEH AND EL BASHIER ISLAND

Gebel Silsileh: Early Tuesday morning after a 9:00 am breakfast, guests experience the Nile flowing at its narrowest between two mountain ranges. Guests are often the only visitors at this fascinating site as the larger Nile vessels are not allowed to stop in that part of the river. After visiting the small temple of Horemheb and walking through the sandstone quarries, where ancient Egyptians cut stone for many of their most famous temples, guests visit a picturesque café to enjoy tea and shisha.

El Bashier Island: In the afternoon, the Aggressor Nile Queen visits the island of El Bashier where guests can swim and explore the island. In the evening, guests enjoy a traditional Bedouin barbecue on the island.

DAY 5: KOMBO

Kom Ombo: The temple was built during the Ptolemaic period on the site of an older temple and at one of the most beautiful bends in the river. The temple was dedicated to Sobek, the crocodile-headed god. After enjoying the temple, guests will visit the new crocodile museum, that includes many mummified crocodiles, attesting to the historic importance of the animals in this region in Egypt.

DAY 6: CHECKOUT AND ASWAN

Aswan: Guest awake to the beautiful sight of the desert closing in on the river at Aswan Bridge. Check out is at 8:00am. Guests have the option to visit the Aswan Philae Temple, High Dam and Unfinished Obelisk, and lunch at a local restaurant. The tour ends at 2:00pm and is included in the trip package price.
